In the Drawings

Please delete sheets 1, 2, 5 and 7 and insert instead the attached Replacement Sheets 1, 2, 5 and 7.

REMARKS

Replacement drawing sheets are submitted herewith containing FIGS. 1, 3, 7 and 8 as corrected in accordance with the examiner's recommendations on pages 2 and 3 of the office action. The capacitors, which do not belong to FIG. 1 (see paragraph [0005] of the Specification) have been deleted therefrom and applicants have checked over the remaining content of FIGS. 1 and 2 and made no other changes to FIG. 1. The unmentioned reference characters identified by the examiner in FIGS. 3, 7 and 8 have been removed. No new matter is introduced into the application by way of these amendments.

In the Office Action, claims 11-13 were allowed and claims 8-10 and 20-21 were indicated as containing allowable subject matter. In order to permit the application to proceed to issue, claim 14 is amended herein to incorporate the subject matter recited in allowable claim 20 and intervening claim 19. As all other pending claims depend, directly or indirectly, from amended claim 14, applicants respectfully submit that all pending claims are allowable over the cited art.

Claims 1-13 which are directed to one or more other statutory classes of invention, are cancelled herein to permit the present application to issue with only method claims. Claims 1-13, including allowed claims 11-13 and claims 8-10 containing allowable subject matter will be presented in one or more divisionals or continuations of the present application.

In view of the present amendments and remarks, it is believed that the application is now in condition for allowance. If, for any reason, the examiner does not believe that such action can be taken at this time, it is requested that he telephone the undersigned at the number indicated below to discuss any issues that remain.

It is believed that no fees are required upon filing this Amendment. However, if any fees are required, authorization is given to debit the Deposit Account No. 09-0458 of the Assignee
